

FESTIVAL OF FAITHS

NOVEMBER 14-18

THE FESTIVAL OF FAITHS

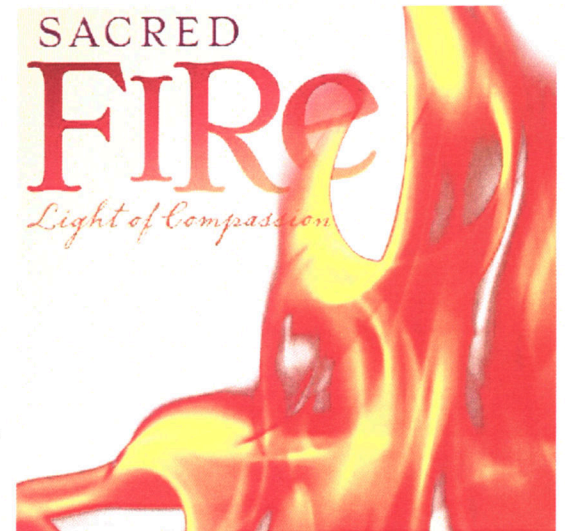

The Festival of Faiths is an annual event that celebrates the religious diversity of our community, promotes unity and strengthens the role of religion in society.

Each year's Festival brings thousands of people from different faith traditions together to discuss issues of importance to their faith life and their daily life, and to engage in common action to promote the good of our community.

2012 FESTIVAL THEME

The theme for the 2012 Festival of Faiths is **Sacred Fire: Light of Compassion**. This is the light that illuminates consciousness, leading the way to life, love and justice.

Festival programs, including keynote addresses, panel discussions, interfaith prayer services, films, music, youth events and more, will emphasize the role of sacred fire in our spiritual and daily lives. Each of the programs will direct attention to sacred fire as one of the four elements of nature, enriching our lives and emphasizing our responsibility to serve as good stewards of nature.
